CAR TEARS RAILING OFF BRIDGE—More than 40 feet of bridge rail was ripped out of the east side on the south end of Flat Creek bridge on U. S. Highway 65 about 9:45 p.m. Friday when struck by a 1951 Plymouth driven by Jimmy Gardner, Jr., 47, fishing guide at Lazy Days Resort on the Lake of the Ozarks. Pictured above, the car had not quite reached the water's edge, but it is a 20-foot drop to the creek bank. The left front portion of the car was pierced by two of the iron pipe rails and driven back through the front end and along the right front fender. The frame of the car was badly damaged and the front end smashed. Trooper Pete Stohr, of the State Highway Patrol, listed the car as demolished. Gardner was not injured. The car was towed to Sedalia by the Chamberlin wrecker.

Two Injured, One Severely, In Collision of Car, Tractor

Two persons were injured, one severely, about 11:40 p.m. Friday, in a car-tractor collision in front of the Double B Corral on South U. S. Highway 65.

William Ernest Stone, 42, Route 5, Sedalia, who resides near Beaman, was driving the tractor from about six miles south of Sedalia and was headed north. He was accompanied on the tractor by a nephew, Robert Beatty, 15, son of Mr. and Mrs. Marshall Stone, of Kansas City, Kan.

The car, a 1954 Pontiac sedan, was driven by Frank Dorsey Berlin, 18, of 516 East Fourth, and was also headed north on the highway when the accident occurred.

Both Stone and his nephew told Trooper Richard Joos of the State Highway Patrol they didn't know what had happened. Berlin said he was headed north when he suddenly saw the tractor, without a tail light, loom up in front of him and he applied his brakes and pulled to the left in an attempt to miss it.

The tractor was caught on the left rear wheel, was spun around and headed back south. Stone and the youth were thrown from it. The occupants of the car escaped injury.

Stone suffered a fractured right shoulder, abrasion on the back of the right shoulder, and bruises about his head. X-ray pictures were taken and he was treated by Dr. Glenn Walker at the Woodland Hospital.

The youth suffered an abrasion over the right eye, on the right foot and bruises. He also was examined and treated by Dr. Walker.

The two were taken to the hospital in the Ewing ambulance.

The front end, the right front fender, and the right front door of the Pontiac were extensively damaged and extensive damage resulted to the John Deere tractor. The car was towed to Sedalia by the Chamberlin wrecker and the tractor was towed to the property of Reinhart-Welch.

Berlin was accompanied by Laura Francis Zurowest, 17, of 211 Gentry; Martha Gertrude Berlin, 17, Kenneth Herbert Berlin,

'58 Wheat Marketing Cards Will Be Mailed

This year, for the first time, wheat marketing cards will be mailed to wheat producers in the county. This method was used in some counties last year, says Carl E. Johnson, office manager of the Pettis County ASC, and was very satisfactory. Cards are being prepared now and it is believed that they will all be in the mail before wheat harvest starts. If a wheat producer fails to receive his card by July 1 it is suggested that he contact the County ASC Office.

Naval Chief Reprimanded

McElroy Says Burke Made Mistake in Opposing Ike

QUANTICO, Va. (AP)—Secretary of Defense McElroy said Saturday Adm. Arleigh Burke, the chief of naval operations, made a regrettable mistake in opposing some parts of President Eisenhower's Pentagon reorganization plan.

McElroy coupled this public reprimand with praise for Burke, but did not fully foreclose a possibility that the admiral might be removed from his post as the Navy's top uniformed officer.

The defense secretary said he is not recommending any change in Burke's status to President Eisenhower, who would make the final decision on any such shift.

But McElroy added to reporters that neither Burke nor anyone else in the defense command "could fail to be conscious of the degree of interest of the President as expressed in his quite emphatic language" in favor of his reorganization plan.

Eisenhower has described as "legalized insubordination" one provision of a revised reorganization bill passed by the House. Burke did not join in urging the Senate to change it.

On Thursday, Burke testified before the Senate Armed Services Committee that he would feel it his duty to protest "until I was heard" if he disagreed with decisions of the Joint Chiefs or the secretary of defense.

The administration wants to limit protests by the service chiefs to Congress.

The administration also wants to give the secretary of defense power to reassign functions of the various services and to abolish a provision in present law that says the services will be administered separately.

Burke told the senators the nation must continue with three separate military departments. He said the reorganization bill should "leave the business of strategic planning and operation guidance to the Joint Chiefs of Staff—the business of fighting to the combatant commanders—and the business of administration and support to the military departments."

A spokesman for Burke said the admiral would have no comment at this time because he did not know precisely what McElroy said at his news conference.

The spokesman said Burke referred any questions about his views to the transcript of his testimony before the Senate committee.

Leavenworth Inmates Abandon Food Strike

LEAVENWORTH, Kan. (AP)—Most inmates of the federal penitentiary here abandoned a short-lived hunger strike late Friday.

Warden C. H. Looney said the men had cleaned up their plates in good shape at the evening meal.

The strike began Thursday when only about 300 of the 2,200 prisoners showed up to eat.

The warden said he understood the men were complaining about the quantity and variety of food. He termed the complaint unfounded, and described the strike as "a concerted effort by a few men to cause difficulty."

Looney said a few of the strikers, identified as the leaders, were placed in solitary confinement.

Base Airman Seriously Hurt In Car Wreck

A-2c Clifford Hearle Taken to University of Missouri Hospital

A-2c Clifford J. Hearle, 21, Whiteman AFB, is in serious condition as a result of a brain concussion suffered in a car accident on U. S. Highway 50 two miles east of Knob Noster about 1:15 a.m. Saturday. A-1c Bryon H. Dedmon, also of Whiteman, a passenger in the car, suffered minor bruises.

Hearle was said to have been the driver of the 1953 tudor Chevrolet sedan, which apparently went out of control, hit the soft shoulder on the south side of the highway and overturned. Hearle was thrown against the left door, the window breaking out.

The two young men were rushed to the Whiteman AFB hospital. Hearle's condition was reported serious, as he was suffering from a concussion of the brain. Saturday morning Hearle was taken from Whiteman to the University of Missouri hospital for observation and treatment. Dedmon was released from the base hospital Saturday morning and reported to his squadron.

Just what happened to cause the accident is still undetermined according to investigating officers. Dedmon reported he was asleep when the car overturned, and Hearle was unconscious after the accident and could not be questioned.

Three unidentified men were reported to have stopped at the car and turned it back on its wheels to free the two youths trapped inside. The safety officer at the Whiteman AFB requests the men to contact him and give him any information they might have regarding the accident.

The car was extensively damaged. It was being driven west on the highway at the time of the accident.

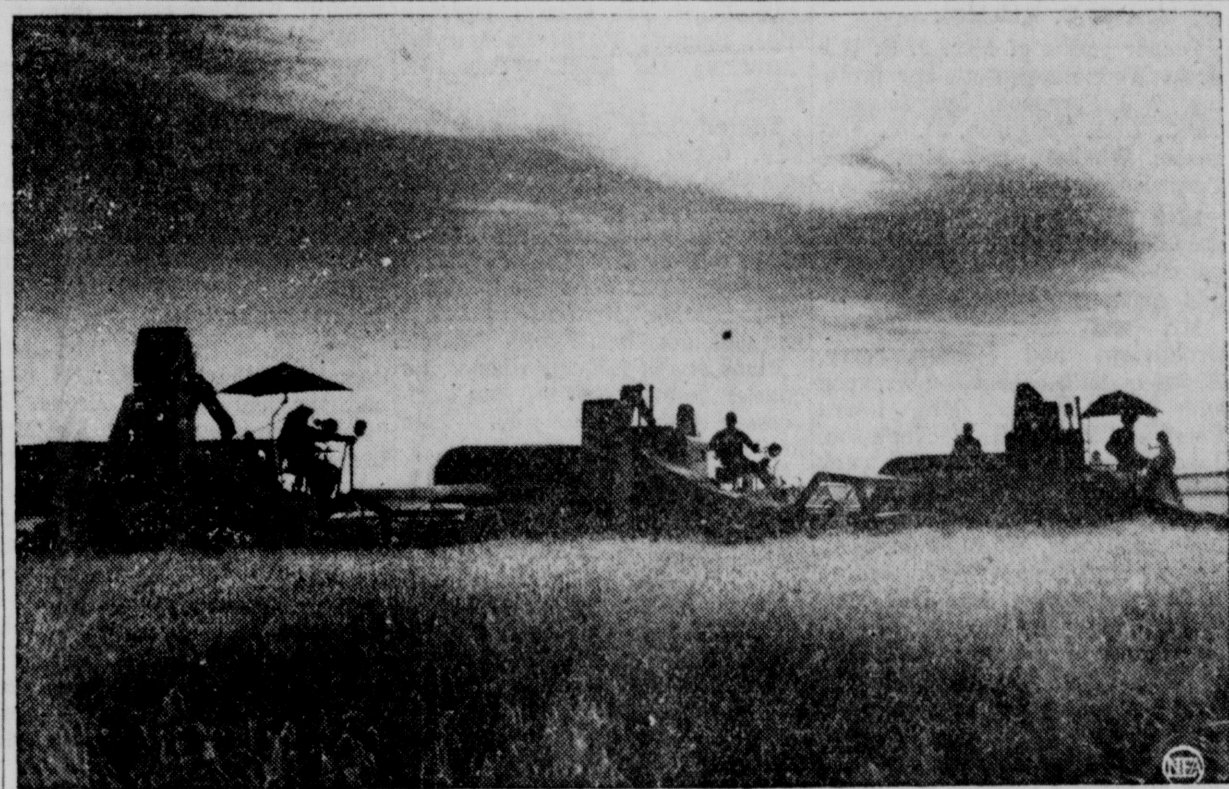

The Smiley's wrecker from Knob Noster towed the car to their service garage.

Trooper Lyle D. Krumme, State Highway Patrol, Warrensburg, investigated the accident.

The home residence of Hearle is Richmond Heights, St. Louis, and Dedmon lives in Kansas City.

Hearle, a baseball player, returned from Greenland last fall and was assigned to Whiteman. This summer he took up his baseball again and became a member of the Sedalia Chiefs Ban Johnson ball club. He played first base with the local team although his previous ball playing was catching.

Before entering the service he was in the Corey League in St. Louis.

HARVEST TRIO BEATS THE RAIN—As clouds build up overhead, three combines work in the evening twilight on the Everett Godsey farm at Salina, Kan., to get as much wheat cut as possible before rain comes. Godsey's wheat ripened earlier than that of his neighbors, Lawrence and Leo Giersch, so they helped him combine. Godsey says the yield is the best he ever has had making 40 to 50 bushels to the acre. In Effort to Get Contract

National Engineering Head Denies 'Threatening, Abusive' Charges

A denial that he had been "abusive and threatening" to Small Business Administrator Wendell Barnes, was issued today by David Stratton, Director of Engineering, National Engineering and Manufacturing Co., Sedalia.

A Washington dispatch to the Sedalia Democrat last Thursday reported statements made at a House subcommittee hearing into the small business contract award to a Texas concern whose directors are associated with Clint

Murchison, Texas oil man with diverse business interests. Barnes had first ruled for the Sedalia firm and later changed his decision. The incident resulted in a hearing before a subcommittee of the House, after which Rep. Abraham Multer (D-N.Y.) told Barnes that the representations "warrant investigation."

During course of the hearing Barnes also told the subcommittee that a representative of the Sedalia manufacturer was "abusive and threatening."

About this, Dave Stratton today issued the following statement from his Sedalia office:

"In view of the fact that I was the only representative of the National Engineering and Manufacturing Co. who had been in contact with Mr. Barnes, he was obviously referring to me.

"I hereby categorically deny that, in my conversation with Mr. Barnes at his home in Sumner, Maryland on the evening of June 4, 1958, I made any threatening or abusive remarks and that, on the contrary, I addressed him in a manner befitting the dignity of his position as the head of a large government agency."

Varner was acquitted in April in Cole County of the slaying of Edwin Boyesen, 47, rival operator of a riding stable.

He will be tried here on a charge of killing Larry Irwin, 15, Boyesen and the boy were shot from ambush.

NAACP Will File Appeal

Central Hi Can Bar Negroes Until '60 Term

LITTLE ROCK, Ark. (AP)—U.S. District Judge Harry J. Lemley of Hope today granted the Little Rock School Board permission to suspend racial integration at Central High School for 2½ years.

The decision, received by mail in the U.S. District Court clerk's office here, permits the school to remove the seven Negro students still enrolled at Central.

In New York, the National Assn. for the Advancement of Colored People said it would file notice of appeal promptly.

Lemley heard the board's petition for delay in a three-day hearing here June 3-5. The proposed suspension was opposed by attorneys for the National Association for the Advancement of Colored People.

Nine Negroes were enrolled under the protection of federal troops at Central High last September. One was expelled and another graduated this spring.

Lemley said in his order that Central integration might be suspended until mid-semester of the 1960-1961 school year without the school board "being considered, either collectively or individually, in contempt of this court."

Gov. Orval Faubus cordoned the 2,000-pupil high school with National Guardsmen last fall and ordered the state troops to turn away nine Negroes despite a federal court order decreeing that the Little Rock gradual plan for desegregation begin. He withdrew the troops in face of a U.S. District Court injunction that he and other state officials cease interference with desegregation.

President Eisenhower here ordered federal soldiers to order and federalized the Arkansas National Guard to quell rioting that broke out on the Central High campus and to enforce the court order for desegregation.

In the hearing before Lemley this month, school board witnesses asked the suspension on grounds that the situation would be the same during the 1958-59 school year as it was the past year. The first year of the integration at Central was marked by harassment of the Negroes in the school halls and threats to bomb the building.

Wayne Upton, president of the school board, quoted Faubus as saying he might again call out the guard as he did last year. Upton added, Faubus might not be the governor in 1961.

School Supt. Virgil Blossom told Lemley a suspension was needed to permit an improvement of community feeling toward the integration.

The NAACP attorneys sought to show that school authorities had not properly enforced discipline at the school and maintained that a breakdown in integration would violate the rights of the Negro students.

Knob Noster School Contracts Are Signed

Construction contracts were signed June 16 by the Knob Noster Board of Education and the lowest bidders on the Knob Noster High School addition. It is estimated by Mr. Royer of the firm of Hewitt & Royer, architects for the project, that it will take a week or ten days to get the contracts processed and approved at the Fort Worth office of the Housing and Home Finance Agency.

A work order will be issued by the architects immediately after these contracts are approved. The completion date is 300 days after the work order is issued.

The successful bidders were: General contract—L. J. Largent Construction Co., Kansas City, \$148,574.00; Heating contract—Anderson Heating & Ventilating Co., Sedalia, \$14,695.00; Plumbing contract—Lambirth Plumbing Co., Sedalia, \$14,750.00; Electrical contract—L. & G. Electric Co., Sedalia, \$15,602.00. Total construction cost is \$193,621.00.

There is also allowed \$11,617.26 for architectural services; \$7,000 for furniture; and \$4,000 for contingent fund.

WAFB 2 Dollar Bills Circulate Well in Sedalia

The two-dollar bills in which a percentage of the airmen at the Whiteman Air Force Base were paid this past week have been circulating well in Sedalia, according to the banks who have been receiving a substantial number each day from all kinds of business firms.

The number of bills that have been showing up in the deposits from grocery stores, filling stations, eating places, clothing stores, dime stores and other firms at the banks, is a good indication of how much money is being spent here by the airmen.

Many of the merchants were surprised, too, to find that some of the people who had been trading with them were base personnel. With the men dressing mostly in civilian clothes they had no idea that these customers were from the base until they began paying for items with two-dollar bills. The same held true with women customers whom they did not know were wives of men at the base.

Merchants, as a whole, have been very pleased to learn how many of their customers are base people, and to have a way of knowing how much money from the base is being spent in their places.

All-American Girls To Play A's At Liberty Park Tonight

Lady Hurler Set To Pitch For Sedalia

The Sedalia Athletics face an unusual challenge tonight when they clash with the famous All-American Champion Girls team under the lights at Liberty Park. Game time is 8 p.m.

This will mark the second visit to Sedalia for the All-American Girls and their second meeting with the A's. In July of 1936 when the two teams clashed the Sedalians copped a close decision before a packed and satisfied crowd.

This is one of the 70 games the All-American Girls play each season against men competition and under official baseball regulations. They have managed to play the men on even terms every year and this season, their fourth on the road, they are above the .500 mark. Competition is the best that can be booked. The girls have played many state semi-pro championships and professional clubs, including the Minneapolis Millers and the St. Paul Saints of the American Association.

The lone exception to the novelty of the "stronger sex" vs. the "weaker sex" is that the batteries of the men's team performs for the women and the women pitch and catch for the men.

According to Bill Allington, the club's veteran manager, team members come from nine states and all played in the All-American Girls Baseball League, a loop which disbanded in 1935. The club, uniformed in flashy red, white and blue suits, makes a sharp appearance on the field.

The A's, now 3-2 for the season, will probably lead Elroy Burton to the All-Americans to pitch against his mates with Jim "Salty" Schumaker behind the plate. Eula Miller of Why Not, Mississippi will probably hurl for the Athletics against the All-American Girls with Ruth Richards of Charlotte, North Carolina catching. Miss Miller, it has been said, is the fastest hurler in women's baseball today.

A pre game feature, staged primarily by Dolores Lee of Jersey City, N. Y., is a sure crowd pleaser. Miss Lee, taking two baseballs, stands at home plate and throws the balls; one travels to the pitcher and the other to second base. Also, she stands on the mound and throws two balls which go to separate catchers 25 feet apart.

Hester Found Guilty, Gets Life Sentence

BENTON, Mo. (AP)—A Scott County circuit court jury Saturday found Lynn Wayne Hester, 18, guilty of murder in the first degree and sentenced him to life in prison.

The youth, from Wellston, Mo., a St. Louis suburb, was being tried for the killing of 18-year-old John Malugen, football star from Sikeston, Mo.

A companion of Hester's that night has been accused of raping Malugen's girl friend, Miss June Castleberry, 19.

Cards Win Over World Champions In Saturday Game

MILWAUKEE (AP)—Felix Mantilla homered in the seventh for the Milwaukee Braves' first hit and only run off left-hander Vinegar Bend Mizell Saturday as the St. Louis Cardinals upended the world champions 2-1 before a County Stadium crowd of 36,565.

Mizell, a 27-year-old Mississippi plan with a big notion, surrendered only four hits in all as he notched his fourth victory against six defeats. Larry Jackson got the final two outs to preserve Mizell's victory.

The defeat, coupled with a rain-out of the San Francisco game at Philadelphia, left the National League-leading Braves 2½ games up on the second-place Giants.

Redlegs Win 9-3 In Free-Swinging Game With Cubs

CINCINNATI (AP)—Cincinnati's Cincinatti homered in the seventh for the Cincinnati Reds' first hit and only run off left-hander Vinegar Bend Mizell Saturday as the St. Louis Cardinals upended the world champions 2-1 before a County Stadium crowd of 36,565.

Led by Alvin Dark who continued his sensational clouting with four for five for the day—and a record of 16 safeties in his last 22 tries—the Cubs' nicknamed Harvey Haddix for 12 hits, including homers by Dale Long, Dark and Cal Neenan.

But Haddix himself homered, his first of the year, in the sixth inning as his mates garnered 15 safe blows in a game played in almost continuous drizzle.

The victory found the Redlegs still in fourth place, but enabled them to gain a half game on second-place San Francisco, rained out in Philadelphia, and a full game on league-leading Milwaukee, loser to St. Louis 2-1.

Pirates Allow Four In First, Then Win 11-7

PITTSBURGH (AP)—The Pittsburgh Pirates spotted the Los Angeles Dodgers four runs in the first inning Saturday then stormed from behind with two big rallies for an 11-7 victory.

The Pirates scored six runs in the fifth inning to spoil the major league debut of pitcher Bob Giam-bardo. He was lifted in the fifth with the bases loaded and none out.

The Pirates put together four hits, a balk by relief pitcher Johnny Podres and Dodger error for six runs that put them ahead 8-6. Giam-bardo gave up two runs to the Pirates in the third and with the bases loaded in the fourth he pitched out of trouble but had his downfall in the fifth.

A procession of five Dodger pitchers followed Giam-bardo, Ed Roebuck was charged with loss.

Tigers Master Yankees Saturday With 1-0 Victory

DETROIT (AP)—The Detroit Tigers continued their amazing mastery over the New York Yankees Saturday with a 1-0 victory as Frank Lary pitched his third straight shutout.

The old Yankee-killer got all the help he needed from Al Kaline as the Tigers won their seventh straight from the league leaders.

Kaline belted his seventh homer in the fourth inning and cut down the only Yankee scoring chance in the sixth with a bullet-like throw from right field.

The Yankees scored only one run off Detroit pitching in 37 innings. They have been shutout in three of the last four games against the Tigers, twice by Lary.

Lary, who now has beaten the Yankees 13 times while losing to them only four times in his career, bested his former teammate Duke Maas in a brilliant pitching duel before 27,919 spectators and a nationwide television audience.

Pearson, Plews Earn Four Hits For Senator Win

CLEVELAND (AP)—Albie Pearson and Herb Plews rapped out four hits apiece Saturday in leading the Washington Senators to an 11-7 victory over the Cleveland Indians.

The Senators had 16 hits, including home runs by Jim Lemon and Clint Courtney.

The Senators scored two runs in each of the first two innings off starter Cal McLish, and added six runs in the fourth off Don Ferrarese and Jim Constable. Washington made it 11-0 in the fifth on a walk, sacrifice and a single by Pearson. Gary Bell and Don Mossi finished up for the Indians.

Pedro Ramos evened his pitching record at 5-5, although he couldn't finish. The Indians' pitcher for five runs in the seventh inning on Vic Power's home run and four straight singles following a pair of walks. They knocked him out in the ninth with three straight hits while scoring two runs.

Sox Score One, Shut Out Orioles For Ninth Win

CHICAGO (AP)—Lefty Billy Pierce yielded only two singles and faced 29 batters in a 1-0 Chicago White Sox triumph over the Baltimore Orioles Saturday.

Baltimore's Billy Loes, stormy right-hander, gave the White Sox only four hits and his throwing error produced an unearned Chicago run in the first inning.

It was the fifth Chicago shutout triumph in seven games and its ninth straight victory over Baltimore.

Pierce, notching his sixth victory against five defeats, yielded only a fourth-inning single by Dick Williams and a ninth-inning single by pinch-hitter Al Pillarick.

The clever White Sox southpaw did not give a walk and only two Orioles were left on base.

The A's produced home runs by Bill Tuttle, Bob Cerv and Harry Simpson, a triple by Preston Ward and a double by Tuttle along with five assorted singles. Boston came up with homers by Jackie Jensen and Don Buddin, a double by Sammy White and nine singles in the hectic session.

The defeat dropped Boston into a fourth place tie with Chicago. Jackie Jensen rammed his 19th home run of the year over the left field fence in the eighth inning, again taking over the league lead in that department.

Championship Trans-Miss Match Today

HUTCHINSON, Kan. (AP)—Jack Nicklaus, Columbus, Ohio, and Richard Norville, Oklahoma City, will meet in the 36-hole championship match of the 55th annual Trans-Mississippi Golf tournament here Sunday.

Nicklaus, 18-year-old freshman star at Ohio State this spring, and Norville, 30, former University of Oklahoma player, won by identical 3 and 2 margins over semi-final opponents Saturday afternoon.

Dye threatened to make a great comeback after being four down with five holes to play. He won the 14th hole with a 14-foot putt for a par, and stroked a tee shot on the par 3, 200-yard 15th which stopped just 11 inches short of a cup. He won the hole with a birdie. Nicklaus, however, closed out the match with a winning par on the 16th.

Evans also fought back after losing four of the first five holes to Norville. He was only 2-down at the 16th tee, but his drive hooked to a bad lie in the rough and he lost the hole to a par.

In the championship match Sunday, Nicklaus and Norville will play 18 hole rounds starting at 9:30 a.m. and 2 p.m.

In quarter-finals matches Saturday morning, Nicklaus defeated Matt Taber of Lincoln, Neb., 3 and 1, while Norville won six of the last seven holes to defeat H. J. Carey of Hutchinson, 2 up.

Evans defeated Don Nix, Lubbock, Tex., in his quarter-finals match 5 and 4. Dye defeated John Farquhar of Amarillo 2 and 1.

French Driver Killed At Rain-Soaked Le Mans

LE MANS, France (AP)—A French driver had been killed and an American injured as the gruelling rain-soaked 24-hour Le Mans sports car race neared the halfway mark early Sunday with a three-liter Ferrari and a British-driven Jaguar staging a nip and tuck battle for the lead.

Jean Mary of France was injured fatally and youthful Bruce Kessler of Los Angeles was injured early in the race. Their cars collided as rain made the course slippery and resulted in numerous smashups. Kessler suffered severe chest injuries and was rushed to a hospital. He was in fifth place at the time.

The lead changed hands twice within an hour around midnight in an exchange of pit stops. But as the dwindling field headed into the morning hours, the Ferrari, driven by Phil Hill of Los Angeles and Olivier Gendebien of Belgium held a slight lead. The race ends at 9 a.m. EST Sunday.

The Jaguar, piloted by ex-winners Duncan Hamilton and Yvor Bueb, closed in during a heavy rain storm as the Ferrari slowed down. Both Hamilton and Bueb are rated among the best wet track drivers.

Leties into a second place tie with rampant Detroit.

The A's produced home runs by Bill Tuttle, Bob Cerv and Harry Simpson, a triple by Preston Ward and a double by Tuttle along with five assorted singles. Boston came up with homers by Jackie Jensen and Don Buddin, a double by Sammy White and nine singles in the hectic session.

Sports Scraps

By D. KELLY SCRUTON

A couple of Sedalia youths decided if Marshall could do it, and a few other towns throughout Central Missouri could do it, so could they do it for Sedalia. So Dan Doty Jr., and Kenneth Emery, decided to take on a project and bring back to Sedalia modified stock car racing. It appears from their start the young men and many of their friends who "pitched in" and helped will accomplish just what they went after.

Going back a few years modified or jalopy racing was tried in Sedalia on independent dates at the fair grounds. They were a flop as far as attendance was concerned by a success as to the racing. Then tracks started jumping up all over, Marshall, Sweet Springs, Clinton, Warrensburg, Booneville gave it a fling, Moberly, and even down near Tipton.

When these racing dates opened the Sedalia events began falling off. The track was just a little bit too big to accomplish what the fans wanted. The quarter mile tracks were what the fans liked to see the cars run on.

Doty and Emery have had it in their head to try it. Last fall they went out, four miles southwest of Sedalia on the Green Ridge Road, and visited with farmers in the area as to if they had any objections if they bought land and built a track. They met with no opposition so the project was started.

Thousands of yards of dirt had to be moved, grading was a problem, but they whipped it then the real work came in building the stadium, fencing the area, putting up lights and working up the parking area. Then their parents, Dan Doty Sr., and Clayton E. Emery pitched in and began working late evenings and nights, Saturdays and Sundays with the boys. Then friends and relatives came in and put their time and labor in to helping.

The opening was delayed a couple of weeks and it finally got underway. Now there is a weekly racing event every Wednesday night, and the crowds are growing and growing.

For sure they have brought a real nice little business to the Sedalia area. They are drawing people from all over Central Missouri, these people often come early, do a little shopping down town, have dinner and then head for the race track. Surprisingly these same people take time out to grab a bit to eat before they continue on home in spite of the popcorn, hotdogs and soda pop they might devour during the races.

To those Sedalians who haven't been out, it is worth a trip out to see their project—especially on Wednesday night and see the races. They are real thrillers and entertaining. You need not worry about space to sit, the stadium will handle at least 3,000, and the parking area is amply large enough to handle the parking.

After watching them the other night, I'm certain the boys have "hit on a winner."

It seems there are some people who just can't take it. Riding a loser just seems to cut to the quick so deep that they then endeavor to try sneaking little things to see if trouble can't be stirred up. As I have often said, "While they are talking about me, they are letting someone else alone."

Apparently there is a character who desires to know what D. Kelly gets as Chief Inspector of the Missouri Athletic Commission.

Manages Harris, Brown

HOUSTON, Tex. (AP)—Lou Viscusi is a very busy man these days arranging two world championship boxing matches.

The 250-pound Viscusi is manager of Roy Harris, who already has signed for \$100,000 to fight Heavyweight Champion Floyd Patterson in August. He also manages Lightweight Champ Joe Brown, who is expected to meet challenger Kenny Lane in July.

There is a possibility both fights will be held in Houston.

Viscusi thinks promoter Al Weill is fighting a losing battle to have the Patterson-Harris fight in Los Angeles. An announcement on the Brown-Lane site is expected next week and there is a strong indication it will be July 23 in Houston.

Brown collected \$36,000 for keeping his title with an eighth-round knockout over Ralph Dupas here last month.

Harris, Viscusi and Harris' father, Henry, flew to Los Angeles earlier this week to sign a contract for the Patterson fight.

Back at home, Viscusi side-stepped a direct answer to a question about how much of the \$100,000 Harris actually will receive. Instead Viscusi told how he happened to become manager of the Cut and Shoot, Tex., school teacher, who is undefeated in 22 professional fights.

"A year ago Henry Harris came to me and said he wanted me to manage Roy," Viscusi said. "I'll give you," Roy's dad said, "50 per cent off the top and you pay the expenses."

Chiefs Meet Rugged Defeat At Hands of Holden Hitting

The Sedalia Chiefs met a bitter defeat at the hands of the Holden Jays Thursday night, 10-2. The defeat, coming before the largest crowd Sedalia has produced before the Chiefs in a long time, practically eliminated the Sedalians from the pennant race in the first half of play. Their only hope now lies in the chance of other teams beating Holden.

A Glitter Shows Heels At Belmont

NEW YORK (AP)—The Calumet Farm put another big gold trophy into retirement Saturday when A Glitter showed her heels to 11 rivals in the slop and mist at Belmont Park and won the \$71,450 Coaching Club American Oaks.

Jockey Ismael Valenzuela, who missed a chance to grace the winner's circle two weeks ago when Calumet's Tim Tim suffered a broken foot bone in the Belmont Stakes, made the grade this time.

Under his expert handling, A Glitter drew away from Spar Maid an eighth of a mile from home and registered a half length victory in America's premier race for 3-year-old fillies.

The victory enabled Mrs. Gene Markey of Calumet Farm to retire the Coaching Club Cup. Calumet won the 1949 Oaks with Westfall and the 1952 edition with Real Delight.

The Oaks, often called the fillies' Belmont Stakes, is the longest, toughest and richest race of its kind in this country. Twelve started, all carrying 121 pounds.

Spar Maid, a 17-1 shot owned by Edward M. O'Brien, was nine lengths ahead of the third horse, Craftiness, a 30-1 chance from the Short Brook Farm. It was another four lengths back to Foreword, owned by James Cox Brady.

Brookmeade Stable's Big Effort, winner of the Acorn Stakes here last month, went off as the 3-2 choice of the crowd of 30,387 but finished sixth.

Time for the mile and three-eighths was 2:20.

A Glitter returned \$8.60, \$6.20 and \$4.50. Spar Maid paid \$14.20 and \$9.40. Craftiness returned \$11.60 to show.

fighters although there frequently is a 60-40 division with the fighter paying the expenses.

"I wondered how Mr. Harris was familiar with such an expression as 50 per cent off the top, but the guy is sharper than a lot of people think," Viscusi said. "So I said, 'I'll manage Roy if you stay the boss; let's just shake hands on that.'"

A man's word is plainly his bond with the people in Cut and Shoot, a southeast Texas lumber and logging community about 40 miles north of Houston.

Viscusi and Roy Harris never signed a contract.

Hunters Find Plenty Of African Big Game

The African hunting trip of Mr. and Mrs. A. B. Fletcher progresses with plenty of game being shot, and real hunting enjoyment being reported. Fletcher, former owner of the Des Moines-Sedalia-Springfield Bus Lines, has been hunting in Africa since early in May.

The day by day trip provides interesting reading. They are over 200 miles from any town in the "brush" hunting various kinds of animals including elephants, zebras, lions, etc.

They reported while in Arusha for supplies, a brief case was stolen. The African Corporal of Police claimed he couldn't hear, then one of the guides told him a man had been murdered by a lion and the lion was dragging him up the street. "That brought action," Fletcher reports, "But also nearly landed us all in jail. But the case is still going."

He reported the kill of 20 guinea fow, a delicious treat and Mrs. Fletcher killed an extra good Kudu, which brought a celebration for the party of hunters.

The finest trophies in the world are elephant tusks. They killed an elephant with tusks weighing 100 pounds, and later killed another with tusks weighing 110 on the right side and 111 pounds on the left. He explained it took more than two hours to remove the trophies as they had to be cut out of the head bone. The animal was left for the Wanderobo tribe to eat.

Fletcher also reported that Dr. Wetzel of Clinton, while hunting in Africa, used the same gun as he had to make a kill. Also in the group is a white hunter, Derrick Dunn, who was with Dr. Wetzel.

They reported the kill of a wart hog about 400 yards from their jungle camp.

Excitement prevailed on June 6 when Fletcher and his guides returned to camp after getting supplies, and Mrs. Fletcher was missing. They loaded jeeps and started on a search. Noting a fire, they fired three shots and were answered. Mrs. Fletcher and party became lost for a time. They camped and slept in their jeep that night, and returned to their main camp the next day. Some experience to be lost.

They reported the kill of a Rhino. Their hunter tracked the Rhino and called to Fletcher, "See him?" and Fletcher said "No" meaning a good shot, the Rhino was only 12 steps away. It was too dangerous to attempt to kill at that point specially, in the type brush they were in. Finally according to the letter, the Rhino showed his head and was in preparation for a charge when Fletcher fired a brain shot and made the kill.

They took the Rhino's horn and hide, and used the feet and four quarters for lion bait.

Mrs. Fletcher made an elephant kill and the tusks weighed 75 pounds each, making the kill 13 steps away with a brain shot.

Trying for Kudu kills, Fletcher writes he got "back fever" and was careful not to let C. G. Whit-

Mays Packs Duds And Heads Back To Centerfield

NEW YORK (AP)—Willie Mays, tired of a hospital bed but feeling fine, packed his duds Saturday and headed back to his job of centerfielding with the San Francisco Giants.

A grinning, much refreshed Willie, who had entered the hospital Thursday for a complete checkup after complaining of fatigue, was discharged in late afternoon.

"I was just tired," said Mays, "but I feel pretty fine now. I'll join the club in Philadelphia tonight." He said he would probably drive down "if I can find somebody to go with."

"Will I play tomorrow? That's up to Bill Rigney (Giants' manager), but I'll sure try if he wants me."

Mays said his physician, Dr. Stuart Cosgriff, had told him all the tests made in the past 48 hours had been negative.

Mays, in a 5-for-39 slump when Rigney finally benched him Wednesday night at Pittsburgh, will return with an average of .382—still good enough to lead all National League hitters.

Prior to the slump, however, he had gone on a 16-for-19 streak that had barreled his average up to .433.

Wimbledon Tennis Tourney Opens With Young Players

WIMBLEDON, England (AP)—The Wimbledon Tennis Championships open Monday at the ivy covered All-England Club with largely a new cast of players, many of them too young to care if Tilden and Cochett played tennis or tiddle-winks.

The climax of the 72nd Wimbledon—the men's singles championship round—will be on American Independence Day but there are few if any indications that America will have anything to be happy about tenniswise on that day.

The sports that American men once dominated now is mostly in the hands of Australians. And not even the big, bear-like grip of Barry MacKay, a genial giant from Dayton, Ohio, is expected to bring the Wimbledon crown back to the United States.

The form sheets say emphatically that one of these Australians will win—Ashley Cooper, Mal Anderson, Mervyn Rose or Neale Fraser.

The form sheet, however, indicates something better for the United States in women's play. Althea Gibson of New York is widely held to be an outstandingly good bet for the women's singles. The women's finals are scheduled for July 5.

However, she has lost about a half a dozen matches this year—most recently to Britain's Christine Truman, who is seeded second behind Miss Gibson.

If Miss Gibson fails to win, a streak of Wimbledon victories for American women stretching all the way back to 1938 will be broken. American men lost their tight grip on Wimbledon singles after Dick Savitt's victory in 1951. Vic Seixas managed a win in 1953 and Tony Trabert in 1955. But in 1952, 1954, 1956 and 1957 the title went elsewhere.

Low Hoad won the last two championships. He, Ken Rosewall and Trabert are now professionals. Seixas is finished with big tournaments.

The Liberty Park diamond was host to two well-played games in the majors Friday evening. Optimist took a close decision over Post 16 in the opener, 4-2. Cook, the winner, allowed one hit and nine walks, while Jerry Bain, the loser, gave up eight hits and no walks.

Golf, Optimist catcher, had a perfect three-for-three night at the plate, while pitcher Bain collected the only Post 16 hit. Post 16 scored two runs in the second to take an early 2-1 lead, but Optimist jumped back with two in the third and one in the fifth to clinch the victory.

Ice hurler Randall pitched a beautiful no-hit shutout in the second game as Kiwanis went down to defeat 2-0. Randall allowed only six base runners on walks, but spread them out nicely over the six innings, allowing one in each. He fanned nine and looked like a professional on the mound.

Kiwanis pitcher Tommy Gibbs also looked good as he gave up only two hits and two walks. Ice took advantage of a couple of breaks and scored two, one in the fifth and one in the sixth. Young and Welch got the only two hits for Ice.

All told, it was a tight game with a real pitchers battle all the way.

Both the Optimist A and B teams beat the Post 16 squads in the minors at Housel Park Friday evening.

In the first game Optimist B collected only two hits but scored 12 runs as they downed Post 16, 12-3. Coupled with the two Optimist hits were 18 walks, which seemed to make the decisive difference.

On the mound for Optimist was McRoy, giving up three hits and seven walks. Rash was the losing Post 16 hurler. Post 16 first sacker had a perfect two for two night at the plate, as did Anderson, Optimist right fielder.

Optimist A's won the second game, 10-5. Optimist collected nine hits and four walks from Post 16 moundsman Vansell. Stratton was credited with the win, yielding only two hits but walking nine.

Shumate and Kenney took the two lone Post 16 hits for the evening. Brownfield and Barklage had perfect trips to the plate for Optimist.

Dodgers Irk Writers With Many Alibis

LOS ANGELES (AP)—The honeymoon between the last-place Los Angeles Dodgers and local sports writers ended Saturday with this barb:

"It is high time someone in authority does something about the doddering Dodgers besides alibi." Sports Editor Paul Zimmerman's column in the Times was the first real blast against the Dodgers since they moved here from Brooklyn.

"It has been some weeks now," Zimmerman wrote, "Since the Dodgers were able to blame their weird antics on the diamond on the Chavez Ravine problem and they're still kicking away victories in class D fashion."

"The loyal Los Angeles fans, who are well on their way toward setting a new National League attendance record, are entitled to something better."

"Dodger management is still giving the fans doubletalk. . . . There's no real excuse for a team dropping from world's champions to the depths of the National League in two years."

"Oh, we've had excuses aplenty. The move west upset our finely tempered Dodgers. It didn't seem to have anything but good effects on the San Francisco Giants."

"The Coliseum's left-field fence developed a mental hazard for our pitchers and a handicuff challenge to our hitters, it was said. It doesn't seem to have bothered opponents."

"Our lads have been trying too hard to please the great outpouring of Los Angeles fans. . . . That's a laugh. These Dodgers are mostly the same who mastered many a tense World Series situation when the real pressure is on."

tors will see rugged action in eight contest events and the top feature acts of the nation, during each performance.

Camdenton Rodeo To Attract Best National Riders

The \$12,100 in cash purses offered at the 1958 J Bar H Rodeo, is the largest in the nation for the week and this top prize money is certain to attract the world's best professional rodeo cowboys to Camdenton, Mo., July 7 through July 12. "Our top prize money," said Harry B. Nelson, J Bar H producer, "has already attracted all of the leading cowboys in the national standings as of June 2, along with many other great and near-great hands."

National leaders as of June 2, include:

Guy Weeks, Abilene, Tex., first in the all-around standings with total cash winnings of \$11,325; George Menkenmaier, Burns, Ore., saddle bronc, \$6,343 won to date; Benny Reynolds, of Melrose, Mont., bareback bronc rider, \$3,990; Jimmie Cooper, Monument, N. M., calf roping, \$6,229; Willard Combs, Checotah, Okla., steer wrestling, \$6,693; and Eddie Quaid, Oklahoma City, Okla., top rider of the dangerous brahma bulls with total winnings of \$5,404.

The national standings are figured by the Rodeo Cowboys Association officials on the basis of one point for each dollar won in an approved rodeo. And, with Jean and Harry Nelson offering the top money in the nation during the week, J Bar H fans next month could very well see the national lead in several events change hands.

The J Bar H performances start at 8 o'clock each evening. Specta-

CMSC Offers Free Counseling to High School Students

High school students in this area with occupational, educational or even personal problems are receiving free counseling service this summer at Central Missouri State College.

Counselors in training under the direction of Robert W. Filbeck, assistant professor of education and counselor-trainer at the college, consult with the high school students on an appointment basis. Appointments are made by letter or by phone (619W) with the counseling office on the college campus.

Quinn Chapel Opens Church Funds Drive

At the last meeting of the trustee board of Quinn Chapel, A.M.E. Church, it was brought to the attention of the board that the church had voted to secure a new church and a committee had been appointed to raise the money for the purchase of a new church.

Since this is the first organized church effort to meet a quota the drive is not going as rapidly as the trustee board had expected. The board voted to close the drive July 27, the date set by the pastor, the Rev. W. H. Hickman.

All members and auxiliaries have been asked to raise a fixed sum of money. Contributions from friends and interested persons would be greatly appreciated. Realizing that the church is the nerve center of a community and a community is poor without churches which is a need for the future of the young people, the board is anxious to complete the drive.

Mrs. Cecil Cooper is chairman of the board; Ellis Smith, chairman of the financial committee; Marvin Jefferson, secretary-treasurer, and the Rev. W. H. Hickman, pastor.

Double Ring Ceremony Unites Pauline Gibson, Bruce Mosley

Miss Pauline Gibson, Route 2, daughter of Mr. and Mrs. Norman Gibson, and Bruce Mosley, Omaha, Neb., son of Mr. and Mrs. G. O. Mosley, were united in marriage at two o'clock Sunday afternoon, June 15, at the First Christian Church. The double ring ceremony was performed by the Rev. Harry Purviance before a chancel decorated with large baskets of white gadioli, blue majestic daisies and pink carnations.

As the guests assembled, Mrs. H. O. Foraker, 306 West Third, played a prelude of organ music consisting of "I Love Thee" by Grieg, "Prayer of Notre Dame" by Boellman, "O Perfect Love" and "I Love You Truly." She also accompanied Don Broadus as he sang "Because" and "The Lord's Prayer" and played the Bach-Gounod arrangement of "Ave Maria" during the ceremony. The traditional wedding marches were used.

The candles were lighted by Lt. Donald D. Luenenburg and William Pierson, Omaha, who also served as ushers.

Given in marriage by her father, the bride wore a floor length gown of white hand-cut Chantilly lace and tulle over bridal satin. The fitted basque bodice of lace was fashioned with long tapering sleeves and a wide scoop neckline which was outlined with an scalloped band of lace embroidered with pearls and imported iridescent sequins. The very bouffant skirt was formed of many layers of tulle over satin. The overskirt veiled appliqued motifs of the lace pattern which were highlighted with sequins. The bridal headdress was a half pill box of matching lace trimmed with rosettes of fluted tulle which held her fingertip veil of illusion. She carried a bouquet of white roses and stephanotis.

The bride chose as her matron of honor, Mrs. Tom Delph, Weather's Kort, and her sister, Miss Lulu Gibson, was her bridesmaid. They wore identical terrace length dresses of cloud blue organza over taffeta. They were styled with fitted princess bodice, draped cowl neck and skirt flaring from a straight front panel. Back fullness was gathered under a low bustle.

CLEANLINESS

Cleanliness plays a tremendous part in the well-groomed woman's success. It starts internally, because drinking lots of water is healthy and thinking clean, pleasant thoughts give you a happy look on your face. A scrubbed complexion is always exciting and shining clean hair is of course a woman's crowning glory. Keeping your clothes clean and fresh is a must and today with so many things being washable it is no chore to keep them so. Lingerie is all drip dry so within an hour or two you can have a fresh supply, therefore you can get by on a limited amount. Well-kept hands and nails—require only a few minutes each day and is so important. Everyone sees your hands—you can't wear gloves all the time, so spend that few minutes on them. Basic tools for cleanliness are simple. Soap, water, nail and complexion brush, nail file, and a little lotion, oil and time. Frequent laundering of clothes and accessories prolongs their life—Remember there is nothing more refreshing than crisp, snow-white accessories.

Jaycee-Ettes Plan For Sreet Bazaar

At the June meeting of the Jaycee-Ettes, plans were made for the street bazaar which will be held in July. The meeting was held at the Old Missouri Home-stead on Tuesday evening with Mrs. James Schumaker presiding. Mrs. Bob Dillard reported on the convention held in Jefferson City and the guests for the evening, Mrs. Jack Tindle, Mrs. Dick Smith and Mrs. Dorris Smith were introduced.

Mrs. Peggy Pabst, Mrs. Don Weller and Mrs. Smith became new members. The expression "to cross the Rubicon" has been popular since Caesar's time. It means to take a daring step from which there is no return.

Mrs. Howard Ball

Elaine Kettle, Howard Ball Wed At Epworth Methodist Church

At half past three o'clock Sunday afternoon, June 8, Miss Elaine Kettle, daughter of Mr. and Mrs. Herman Kettle, 713 East 15th, and Howard Ball, son of Mrs. L. P. Ball, Pontotoc, Miss., were united in marriage at the Epworth Methodist Church.

The Rev. H. E. Travathan read the double ring ceremony before an altar banked with spring flowers and arrangements of white and yellow gladioli. Seven branch candelabra entwined with greenery held the burning tapers.

Preceding the ceremony Mrs. Ralph Brewer, 1812 East Fifth, played "Oh Promise Me", DeKoven. "Why Do I Love You", Kern; "Always", Berlin; and "If I Could Tell You", Firestone. As the candles were being lighted she played "At Dawning", Cadman; and during the ceremony "With This Ring", Sacco. The traditional wedding march was used.

Miss Kettle, sister of the bride, and Miss Leona Spears lighted the candles. They wore identical dresses of pale yellow with matching headbands of yellow daisies. Their corsage was of white carnations.

The bride, escorted to the altar by her father, wore an empire dress styled with sweetheart neckline and flared skirt of white satin with back insert of Chantilly lace panel falling in soft pleats from the waist. Her Chantilly lace jacket was fashioned with long set-in sleeves coming to a point over the wrist and buttoned at the lower edge. Her tulle veil was attached to a white satin band entwined with seed pearls. The dress was made by the bride's mother. The bridal bouquet was of white stephanotis and yellow roses tied with yellow streamers.

Miss Dixie Wilt, 1100 East 15th, was maid of honor. Her yellow dotted Swiss over taffeta street-length dress was fashioned with kimono sleeves, gathered skirt, rounded front neck with V in back. It tied with a yellow taffeta sash. Her headpiece was a crown of yellow taffeta outlined with pearls and trimmed with a circle face veil.

As best man the groom chose, Kenneth Steele, 1803 West Broadway, Joe Welborn, WAFB, and Melvin Lambie, WAFB, ushered.

The bride's mother wore a navy blue dress with white accessories.

Moving Ahead On Broadway

Highway construction on Broadway through the heart of Sedalia has altered the summer comforts of residents along this thoroughfare. In the air is dust, and noise of machinery and men at work. Removal of trees, digging of drainage ditches and piping them, laying of slab sections, and the interminable other details required to get this job progressing is a demonstration of good planning.

To visualize the outcome of this improvement has taxed the imagination of many skeptics whose disapproval gave no allowance to the possibility a widened Broadway with fewer trees and more attractive street lights might be a beautiful street again.

Even after the paving job is completed from Limit to New York many months will pass before Broadway will lose its construction scars. A period of time must be allowed for landscaping the lawns and terraces abutting the new curb lines.

In the interim, as the English proverb says, no pain, no gain.

Completion of the Broadway paving and restoration of the street to its greater role as a highway artery serving tourists as well as the home folks, should be a stimulus to further improvements.

The utility of a widened Broadway should be extended west from Limit and east from New York to the respective city limits. Some assurance has been given that this will be done in a revised Urban Area plan which would retain the original planning of the Highway 65

improvement from Broadway north on Limit to a Main Street overpass and to the north city limits, including other elements of change on Main and other streets twice proposed and twice defeated in bond issues.

The passing of time indicates the imprudence of Sedalia not adopting the Urban Area plan the financing of which would have been done with federal and state monies and only token support by the city. For one thing other cities, like Columbia and Jefferson City, have moved in ahead of Sedalia on Urban Area construction.

But what has really made Sedalians come alive to the importance of an Urban plan is a proposal of the State Highway Department to establish a Highway 50 by-pass around the community. The details were laid out at a public hearing arranged by the highway department during which there was considerable expression of objections by city and rural people who would be affected by the change.

At the moment the city administration is bedeviled by the problems of local street improvements, the annual budget, garbage collection and a dozen minor deep-seated irritations. Nevertheless, the importance of a proposal to resubmit the Urban Area plan to the citizens of Sedalia for another vote, should not be ignored too long since highway department representatives have indicated that Sedalia's adoption of the Urban plan very definitely would delay for some years the proposed Highway 50 by-pass.

Lebanon Could Turn Into Another Korea

By DREW PEARSON

WASHINGTON — Here are the explosive events in revolt-torn Lebanon, a 100-mile stretch of Mediterranean Sea coast which could turn into another Korea overnight.

1. Air Force C-124 troop transports are standing by in Germany waiting to airlift Turkish and Iraqi troops into Lebanon if necessary. In addition, the U. S. Sixth Fleet, loaded with 8,000 battle-ready Marines, is cruising within striking distance of the tiny Arab republic. British paratroopers are poised at Cyprus less than 120 miles away. Here are the latest developments in the explosive Lebanese crisis:

2. The United States and Britain have been dickering secretly with Turkey and Iraq to rush troops into Lebanon in case the present revolt should expand into a Middle Eastern war. The allies are determined not to use their own forces except as a last resort. They believe a Middle East war could be better localized if Turkish and Iraqi troops are used. The Air Force has several C-124s ready in Germany to begin an airlift from Baghdad and Ankara to Beirut. In case this should become necessary, the Air Force troop carriers would fly under the operational control of the Sixth Fleet.

3. The West is watching the oil outlets at Tripoli and Sidon on the coast of Lebanon. Rebel troops are holed up in both ports, but the oil flow has not been cut off. The loss of Lebanon, however, would mean the control of the Lebanese pipeline by Dictator Nasser.

This would give him complete control of all oil outlets into the Mediterranean — through Suez, through Syria, and through Lebanon. It would mean he could turn off Western Europe oil supplies as easily as twisting a spigot. As a result, both the United States and Britain have agreed that Lebanon must be saved at all costs. If Turkish and Iraqi troops are not enough, American Marines and British paratroopers will be landed.

4. The British and Americans have been mapping their Lebanese strategy jointly without consulting France. They presumed Premier De Gaulle had enough troubles at home and in Algeria. Anglo-American forces were disconcerted, however, by the unannounced arrival of a French cruiser in Lebanese waters at 3 a.m. Wednesday. The French cruiser notified the Sixth Fleet that it had been ordered into Lebanese waters to evacuate French Nationals if it became necessary.

Guest Editorial

PORTLAND OREGONIAN: Congress Takes Long Weekends. Some members of Congress are testy about President Eisenhower's weekend trips to Augusta or Gettysburg for golf or rest. But they don't say much about the long weekends which are traditional for Congressmen, especially those with homes on the Eastern seaboard.

The Washington Post publishes each morning "The Day in Congress." This was the calendar published Friday morning:

Today: Senate, not in session; meets at noon Monday. Committees, non. House, not in session, meets at noon Monday. Committees none.

Yesterday: Senate, not in session; House, met at noon . . . adjourn at 1:05 p.m.

President's appointments: President and Mrs. Eisenhower at their Gettysburg farm. No appointments.

Some members of Congress are very hard workers, and these are those who have real influence on legislation and national policies. Some don't do more than a required minimum, because of health, age or disinclination to work. A majority are reasonably diligent, but have no intention of sacrificing their health or happiness on the altar of duty. Most members work long and hard when necessary.

The President's "attendance record" looks pretty good when measured against that of any member of Congress. He is always on duty.

Parent Must Build Child's Confidence to End Shyness

By MRS. MURIEL LAWRENCE

John, aged 5, is painfully shy. In comparison his older sister and little brother are paragons of self-assurance. If you ask Linda what class she's in at school, she says promptly, "The second grade. We have two turtles."

If you admire Ted's stuffed rabbit, his response is nearly as fast. After giving you a look of appraisal to estimate your trustworthiness, he puts his rabbit on your lap—and trots off to assemble other treasures that may merit your admiration.

But while Linda and Ted are putting on these creditable social performances, John stands hesitating across the room.

Told by his mother to say "hello" to you, he starts wriggling miserably against his impulse to run away. If she insists on his greeting you, the impulse overcomes him—and he does run away.

As his mother's always saying to his father, she finds this shyness "terribly embarrassing."

If she could see that her "embarrassment" is just an adult version of the same shyness that afflicts John, she might discover the way to help him.

It's composed of the same ingredients—fear and self-reproach. Where she is afraid people are secretly blaming her for John's shyness, he's afraid they are secretly blaming him for being less attractive than Linda and Ted. Where she reproaches herself for her failure to prove John a self-assured little boy, he hates himself because he can't prove himself as interesting as his sister and brother.

Once we become conscious that our shy child is feeling the same fear and self-reproach that we

feel, understanding overwhelms our embarrassment over him and we stop caring what other people think of us.

Dr. Jordan Says

Growing Number of Oldsters Affects All Age Groups

By EDWIN P. JORDAN, M.D.

The change now going on in the age and sex distribution of our population will affect all of us in one way or another. When there are more children, more pediatricians are needed to care for them. Schools, clothing manufacturers, toy makers, and many others are vitally affected.

When there are more elderly people, again more medical care is needed. Living conditions for the elderly must be studied.

Those at both extremes of life must be supported by the men and women still in their peak working years.

Some interesting figures on what is happening to us appeared recently in the bulletin published by a large life insurance company. In this article it was pointed out that the total number of people over 65 in the United States has increased by nearly 5.5 million between 1940 and 1956.

There are now approximately 14.5 million people over 65 living. Their ratio to the whole population has gone up from 6.8 per hundred to 8.6 per hundred.

It will not surprise any of us to learn that the increase in elder-

ly people has been less in such states as Maine, New Hampshire, Vermont and Iowa than it has in California, Arizona and Florida. This is clearly a reflection of the movement of elderly people into milder climates.

It is thought likely that more than five million more people over 65 will be added to the population of the United States by 1970, and that then those over 65 will constitute about nine and one-half out of 100 of the total population.

According to present forecasts, by 1970 19 states and the District of Columbia will have more than 10 per cent of their population in the older age group.

Again, not surprisingly, women will greatly outnumber men. By 1970 it is thought that there will be almost three million more in the over 65 group.

Although the bulletin did not mention it, the burden on younger people by 1970 may not be increased as much as it sounds.

By that time the children who were born in such large numbers from 1940 on will be in their peak working years. Their numbers are so great that perhaps they will be able to support the elderly more easily than one would suspect.

Futhermore, recent years have shown a great increase in the ability of older people to develop financial resources during their working years to meet their later needs.

Barring the unforeseen, the situation should not be too acute, though everyone should plan for the expected changes.

Even Garbage On Agenda

Women's Club Leader May Surprise Many Mayors

By Esther Van Wagoner Tufty
Of Our Washington Bureau

WASHINGTON—The new president of the General Federation of Women's Clubs is an old maid school teacher. Maybe that's why Miss Chloe Gifford of Lexington, Ky., knows exactly what she wants to accomplish during the two years she's in office.

She will try to teach an appreciative recognition of eggheads; get academic help to local clubs seeking Main Street betterment; urge "foresight rather than hindsight" so the 12 million members will stop bragging about achievements of the past and provide the leadership necessary to halt individual clubs from dropping out of the Federation and "going local."

In her first Washington news conference since her election at the recent convention in Detroit, Miss Gifford sprung an idea which may surprise many a mayor. This energetic, fast-talking Woman-of-Many-Jobs at the University of Kentucky has been getting ready to spring her betterment project ever since she thought "maybe" she might be elected president of GFWC with members in 19 countries.

The Gifford doctrine would put the professional talents of community extension services of Land-Grant colleges into surveying the needs of each community (whether it's a teen-age swimming pool or a better way to collect garbage) and then the club women would provide "the action" to get the job done.

The NUEA (National University Extension Association) she says has "the know-how to give the forward thrust" to community growth at this crucial moment in history especially in cooperation with GFWC members to carry out the survey-findings.

Miss Gifford is an internationalist. Sputnik's arrival was welcomed by this educator for awakening Americans out of their smugness and stopping a drift back to isolationist thinking. But the answer "isn't just more scientists but all 'round education for the improvement of man" and an appreciation that the eggheads are not academic snobs but the trained minds so badly needed.

Convinced the most troublesome spots are in Asia and Middle East, she hopes to visit many countries in these parts of the world. The second international convention of

GFWC will be in Manila in June, 1959.

The voice of the General Federation of Women's Clubs is strong. At its annual meeting it went on record again for Alaskan statehood. The women agreed to wire their senators to vote for the bill, already passed by the lower House, which will give the privileges and the protection of statehood to this important and strategic arctic territory.

The club women of this country are doers. They stimulate interest in education, legislation, health, welfare and social life of village town and city. A community with a lively and progressive women's club is a more lively and progressive place to live. Something is offered to about every type of woman, and in many communities it is the only organization, in addition to the church, where a busy home-maker can find some interests which will make life more stimulating for her.

Voting to make Alaska a state may seem far away from the millinery class she was enjoying, or the play in which she took the leading role, or the panel discussion in which she participated, but such is the range of a federated woman's club activities that she is certain to find something of interest.

Looking Backward...

TWENTY-FIVE YEARS AGO

Capt. H. O. Berry Headquarters Battery, 128th Field Artillery, received notification the annual two weeks' training period would be at Chicago Aug. 6-22 inclusive.

L. A. Kipping was in Warrensburg serving as a judge in the garden show.

The home of John Montgomery Jr. was damaged by fire originating from painters burning off paint with blow torches.

L. P. Andrews, president and general manager of the Sedalia Water Co., returned from Chicago where he attended a convention of the National Waterworks Association.

FORTY YEARS AGO

Judge James Connor, Otto C. Boz, A. R. Easton and the Rev. H. E. Martin, delegates to the state convention of Elks at Webb City, were to leave Sunday morning, June 23, to attend.

Several troops of Boy Scouts left Friday morning on the Warsaw branch train for Lake Tebo to be in camp over Saturday.

Shields R. Smith, manager of the Sedalia Home Telephone Co., left for Chicago to attend the National Telephone Convention in a week's session.

Dr. Walter Overstreet returned to Little Rock, Ark., where he was practicing medicine in a Missouri Pacific Hospital.

Approximately one-tenth of the U. S. milk supply is sold as cottage cheese.

so he called her name with a question mark at the end of it. And then she knew. It was her new husband.

"Well, after all," she told friends later, "I never had talked to him over two or three times on the telephone. He usually just came by the office or home, and I didn't know his voice."—H.L.

Our Way Of Life

Everybody's in a hurry

And I often wonder why,

We just live in such a flurry —

You do — yes — and so do I;

Appliances to save us time

Don't seem to help a bit.

You'd think that life would be sublime

It isn't — we admit

Electric sweepers will break down

Just when you need them most,

The coffeemaker quits, I've found,

The toaster will not toast,

Now we can't get a dinner

Without mixes, boxes, cans,

Folks diet to get thinner.

Think they're healthy when they're tan,

Nobody cares now how they dress.

Their clothes are really spare,

They're happy when they look a mess,

Don't even like their hair;

There was a time when life went on

Real simple and serene,

But such a time as that is gone.

If you know what I mean,

Mom did the washing on a board

She'd rub and rub and rub,

But somehow her spirits soared

As she bent over the tub,

She cooked big dinners every day,

Her family loved to eat,

They never thought what they would weigh

Nor bothered with the heat,

Folks didn't all seem to be ill.

They didn't all complain

The doctor gave some sort of pill

For those who had a pain,

Folks bought what they could afford,

And they had lots less pay,

Nobody ever seemed to be bored

As people are today.

They chatted over the back fence,

Had time to visit friends,

Nobody seemed to be so tense.

There's been a change in trends,

We build air castles and day dreams

And find them but thin air,

We always rush about, it seems,

And don't get anywhere.

We have to always keep in stride

We must have fun and thrills,

And so we keep ourselves supplied

With tranquilizer pills.

Hazel N. Lang.

Thought For Today

And he changeth the times and the seasons:
he removeth kings, and setteth up kings;
he giveth wisdom unto the wise, and knowledge
to them that know understanding.—Daniel
2:21.

God, veiled in majesty, alone gives light and life to all; bids the great systems move, and changing seasons in their turns advance, unmoved, unchanged himself.—William Somerville.

"Me save money? I never thought I could until..."

Mrs. Hill was the type of person who absolutely couldn't save a cent, until... one day she went over to a friend's house to see her newly modernized kitchen. Her friend explained how she had managed to save the money for it. She merely put aside quarters out of her change, and put the money in a savings account. Her husband was so pleased by her efforts he even added extra dollars to the account. It wasn't long before they were both raving over their new kitchen which not only contributed so much to the convenience and happiness of the family but also increased the value of the house.

A lot of people like Mrs. Hill, who never thought they could save a cent, have found out that it's easy to save money once they open a savings account with our Association. To get the things you want, why don't you open a savings account today at our Insured Savings and Loan Association.

When we use the expression that someone "cries havoc" today, it means they forecast ruin for themselves or others. "Havoc" was a medieval war cry, used to order armies to pillage cities.
